

...duty is elected.

The race for health...

It is easily won by the man who eats the foods that furnish real nutriment and do not tax the digestion. Shredded Wheat with milk not only tastes good, but is good. The crisp, flavory shreds of baked whole wheat are so appetizing and strengthening. Combines the "roughage" you need with the proteins and mineral salts. Delicious for any meal with your favorite fruit.

FALUN

At 1:30 p.m. last Saturday, a luncheon took place at Falun school, with Mrs. H. J. Montgomery, Provincial President of the Alberta W.I., Mrs. Rodell, Constituency Convener, and the Chesterwood W.I. as guests of the Falun W.I.

Mrs. E. N. Rattray gave the address of welcome and introduced the speakers.

Mrs. Montgomery outlined the history of the Women's Institute since 1897, when Mrs. Hoodless of Ontario, suggested their formation, until the

present day Institutes. She showed that they worked along the same lines then as they do today, and that the constitution was very little changed from that day to this. She also spoke of the formation, showing the duty of each individual Institute toward its constituency district and also the whole province. She referred to the benefit derived from the home institute in the interchange of ideas.

Mrs. Rodell spoke on Canadian industry and pointed out that to help our home industries we should ask

**NERVES ALL SHOT
NOW
FEEL
FINE**

for Canadian made products, and listed a number of examples, such as Alberta sugar, crepe paper from Ontario, etc. She brought samples of several Canadian made products, among them flax, flavoring and cosmetics.

The business meeting of the Falun W.I. was postponed until June 28th. It will be held at the home of Mrs. E. N. Rattray.

The boys are busy practicing football, also a number of horseshoe matches have been held during the evening the past two weeks.

BITTERN LAKE

A. L. Peterson is drilling a well for Robert Elgert.

Mr. Wm. Altwater of Wetaskiwin, visited with his son, Wm. A. Altwater on Wednesday, returning home on Thursday.

Mrs. E. Robertson and son of Edmonton, is visiting with the Altwater's.

The U.F.A. meeting which was held in the Community hall was well attended, the speakers being Mr. E. E. Sparks and Mrs. Ross, and a large crowd was in attendance.

Mr. and Mrs. S. Devall, Mr. and Mrs. H. Howarth and T. Devall, motored to Edmonton on Saturday to attend the White-Carson wedding.

Vera Peterson of Grand Forks, B. C., visited for a few days with her uncle and aunt, Mr. and Mrs. A. L. Peterson, and left for Camrose to visit with relatives for a while before returning to her home.

A dust storm passed over here on Saturday around 6 p.m., in the nature of a cyclone. Mrs. Lomas' chicken coop and garage was carried away by the wind and badly smashed, a number of chickens being killed.

A game of baseball was played at the Lake on Sunday, the visiting team being Armenta. The score was 7-5 in favor of Bittern Lake. The boys are getting better.

WINFIELD WEST

New settlers are coming in every day, 40 homesteads being taken up last week in Back Lake district. One party said they had been through the Peace River country and found the soil just as good here as there.

Men have commenced brushing on the new Winfield and Hoadley road. When this road is finished it will fill a long felt want to the settlers of this district.

This is Thursday, June 6th, and the weather is glorious. It has rained every day for the past ten days, the crops are looking well, but need sunshine and warm weather. The roads are very bad, cars and trucks stuck here and there. Any of you fellows from Wetaskiwin who are planning on making a trip out here, take my advice and throw a pair of rubber boots in the back of your car, and

Bathing Beauty's Complexion Secret

"I have now used Kruschen Salts for a long time, and think it wonderful. Everyone tells me that it is the best skin tonic I have ever used. I tell them that it is thanks to your wonderful Kruschen Salts. I have had a second prize in a bathing beauty competition of a leading newspaper. I shall use it more, and tell of my friends to do the same."

This is beauty's first secret—a good complexion comes from within. No need for creams or lotions—just the color on your face. Keep your blood pure and healthy with the daily dose of Kruschen, and beauty's reward will be yours—a clear skin, bright, sparkling eyes—the shining joy of good health.

Kruschen Salts is obtainable at drug and department stores in Canada as well as a bottle. A bottle contains enough to last for 4 or 5 months—good health for half-a-year a day.

don't forget your chains, a shovel, block and tackle, also an axe. I was going to include a boat, but I guess you will make it alright without one.

I had to laugh the other day at Earl McKenzie, a neighbor of mine. Maybe you know him, he is a good fellow and a hard worker. He rode over to my place last Sunday and the moment I saw him I knew he had something on his mind. We started a conversation about the farm and how our neighbors were getting along, then suddenly Earl changed the subject. With a serious expression on his face he said "A bear scratched on my door last night." It was the way he told it that made me burst into a fit of laughter. Here is the story in his own words: "About ten o'clock last night the wife and I had gone to bed. The wife said 'Earl, someone is walking around the house. I bet it is Harry Dewar or Dick Climmer.' I listened for a few minutes and a peculiar knock came on the door. Thinking that Harry or Dick was trying to play a joke on me I jumped out of bed and opened wide the door, and there stood a big black bear."

Earl said he shut the door and ran for his gun, but in the meantime Mr. Bear had knocked tracks to the bush. I have five guns, but only shells for one. After Earl's experience I am going to keep

that one gun loaded, drive a couple of spikes in the wall above my bed and there it will hang in case of emergency. A neighbor of mine, having no gun, has a brush scythe hanging above his head. I don't like that stunt. The blame thing might fall down and cut a fellow's head off.

NEW NORWAY WEST

(intended for last week)

Mrs. Hazel Wempe of Hazel, S.D., came on Saturday to visit her parents, Mr. and Mrs. Wm. Meyers.

BORN—To Mr. and Mrs. A. Frankhandle, May 28th, a son. Mrs. Frankhandle will be remembered as Miss Mabel Logan of Wetaskiwin.

Mr. and Mrs. Downing and Donald, and Miss K. Westvick, drove to Westlock on Friday, returning on Monday. They report plenty of moisture in those parts.

Mrs. Wm. Meyers entertains the Zion Ladies' Aid this month, June 19. La Vern Bowers spent the weekend at Westlock with his brother George, who is superintendent of the Public schools there.

Mr. Campbell and Raymond started on Thursday for Winfield, where

they will do some breaking on the latter's ranch.

Tim Hutchinson went to Wetaskiwin last week and had the cast removed from his arm which he had broken four weeks ago.

Friends of Mrs. Greenwald will be sorry to know that she is still confined to her bed with rheumatism.

Word has been received from Mrs. Joel, Mrs. Enock and Grandpa Stromberg, that they reached New York all right and were sailing from there last Friday for Sweden.

Lester Hamron, the small son of Mr. and Mrs. W. Hamron, fell from a tree last week and broke his arm in

several places. He was immediately taken to the Camrose hospital, where the two bones in the wrist were set. The elbow was not only dislocated, but has a large piece broken from the socket, which the doctors are going to operate on and wire in place as soon as the swelling leaves.

Two deer were seen by several of the farmers of this district last week.

If you find a patch of quack Fork it out. Take no chances on the stuff; Dig it out and treat it rough. Or 'twill put you on the rack. Have no doubt.

HAD PAINS AROUND HEART AND SHORT OF BREATH

Mrs. Edmond Rocheleau, R.R. No. 1, Windsor, Ont., writes:—"I suffered with pains around my heart and was so short of breath I could not walk upstairs without having to sit down to get my breath. My daughter told me to get Milburn's Heart and Nerve Pills and after having taken three boxes I have not been bothered since. I will recommend this wonderful medicine to all sufferers who are in the condition I was."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Neighborhood NEWS

NEW NORWAY WEST

Mrs. Selma Trusler and two small children of Iowa, came on Saturday to visit relatives.

BORN—To Mr. and Mrs. John Haggerty of Dorence, on June 4th, a daughter, at the University hospital, Edmonton. Mrs. Haggerty will be remembered as Miss Autumn Smith, formerly of this place.

Mr. and Mrs. J. P. Beller spent several days last week in Edmonton, visiting relatives.

Mrs. Turner of Dorence, and Mrs. Skottabo of Camrose, are helping care for their father, Mr. Lars Olstad, who is seriously ill.

It still keeps dry and windy, and since the 5th, very warm. The crops are suffering from the hot winds and drought. It is reported that the cut worms have destroyed whole fields of grain, and a hard frost on the 3rd of June did a lot of damage.

Mrs. Ruby Trusler of Bawlf, is visiting relatives west of New Norway.

Mrs. Mezzies, the returned missionary from China, spoke to a large audience on Monday afternoon. Her message of her 20 years experience as missionary in China was very interesting.

Last Saturday this vicinity was visited by one of the worst windstorms in its history, which could be called a real tornado, and filling the air with dust until it was as dark as night. The worst damage reported was a new 16x32 barn just erected last fall on the E. Uphaw farm, five miles west of New Norway, picking the building up off its foundation and carrying it 50 feet and then completely tore it to pieces, carrying some small parts several hundred feet from the building, and uprooted trees. On the John Trautman farm it blew the roof off the machine shed, and near Dalmat we understand, it upset several granaries.

Lester Hamron, small son of W. Hamron, who fell from a tree last week and broke his arm, was operated on on Monday at the Camrose hospital and the splintered bones wired back in place. At the present the little fellow is getting on as well as can be expected.

Mr. Sparks and Mr. Young and Mrs. Harvey of Millet, addressed a political meeting at the Hoover school last Monday. Mr. Montgomery, the Liberal candidate, will speak at the Hoover and Haultain schools on June 11th.

CHEESE, EXCELLENT SUMMER FOOD

There are few of us who stop to think of the importance of the cheese industry to Canada, both from a commercial and food standpoint. Last year we produced 119,088,094 pounds, as against 144,534,619 pounds in 1929, a drop of 17 per cent. The year 1919 had the peak production of cheese, 166,421,871 pounds, during the past ten years. Our exports of cheese in 1929 brought nearly nineteen million dollars.

The consumption of cheese per capita per year has increased from 2.51 pounds in 1921 to 3.54 pounds in 1929 and the consumption will further increase as its food value becomes known. While Canadians are recognized to be great butter eaters, consuming over 29 pounds per capita per year, yet they are the lightest consumers of cheese of all the dairying countries, as the following figures will show: Switzerland 23 pounds per year, Holland 13.5, France 13.5, Denmark 13.2, Germany 9.5, United Kingdom 9, Norway and Sweden 7, United States 4.14, and Canada 3.54 pounds per year.

Canadians could help a great home industry if they would eat more cheese. Cheese is recognized to be one of the outstanding protein foods. It is a significant fact that for centuries the heartiest races of Europe have largely depended on cheese as a necessary dietary con-

stituent of their daily meals. Today our physical and domestic science experts recommend the increased use of cheese in every home where health and good living are valuable. The brains and brawn of growing children demand its tissue-building properties. Men and women of all ages find that it makes them more vitally energetic.

In all varieties of cheese—and we have quite a number now in Canada—certain highly beneficial substances are developed in the ripening process. Lactic acid is produced in this manner and other digestive juices which greatly aid the bowels in their function. Cheese is one of the most easily assimilated of our foods. In all forms it neutralizes the acids produced in the stomach. Nothing rouses the languid appetite better than cheese, while it also stimulates the natural digestive juices of the stomach.

What is finer than a piece of well-ripened Cheddar cheese? For those who want a milder type, we have several makes of process cheese, as well as cream cheeses, on the market, all choice and good. We commend the various makes of cheese in Canada to the Canadian housewife. Now that we are coming to our warm summer period, nothing will supply the protein and energy required in the food better than cheese. One thing in favor of cheese is its keeping qualities. While some of our strong foods will not keep over a day unless in cold storage, our various types of cheese will keep for a week or more, and are always available and ready for use. There are countless appetizing ways of preparing cheese which greatly improve the flavor of other foods when incorporated into the recipes for their preparation. One of the finest things our Canadian housewives can do, not only for the health and the pocketbook of the nation, is to use more cheese in the preparation of tasty and healthful meals.

The following are two cheese recipes: Sandwich Filler—An excellent sandwich filler for hot days is sliced cheese. Use a package of cream cheese, soften with cream and add chopped raisins, nuts and maraschino cherries seasoned with one saltspoon of mixed spices.

Macaroni With Cheese—1 cup of macaroni broken in pieces; 2 qt. boiling water, 1 tsp. salt, 1 cup cheese grated or cut into small pieces. Prepare a cream sauce with 2 cups milk, 2 tbs. butter, 2 tbs. flour, salt and pepper. Cook macaroni in rapidly boiling water (salted) 20 minutes or until soft. Drain and rinse in cold water to prevent sticking. Into a buttered baking dish place one-half of the cooked macaroni seasoned with salt and pepper, one-half of the cream sauce and one-half of the cheese. Repeat, and top with the remaining cheese. Bake in a moderate oven until thoroughly heated and well browned.

MR. PETER DEWAR SUCCEEDS LATE LORD DEWAR

At a recent general meeting of John Dewar & Son, Perth, Scotland, Mr. Peter Dewar was elected chairman of the company in succession to the late Lord Dewar. Mr. Dewar brings a long and varied business experience to his new office gained in the study of banking and the law and extensive overseas travel. In addition Mr. Dewar is a member of the Board of Distillers Limited, who have many interests in Canada, and a number of other internationally known firms. He is a Perthshire man by birth and the type of Scotsman which has advanced to positions of eminence at home and throughout the world.

HAS THE LAXATIVE IN YOUR HOME A DOCTOR'S APPROVAL?

Some things people do to help the bowels whenever any bad breath, sourness, flatulence, or a lack of action comes from the bowels, really cause these organs. Only a doctor knows what will cleanse the system without harm. This is why the laxative in your home should have the approval of a family doctor.

The wonderful product, known to millions as Dr. Caldwell's Syrup Pepsin is a family doctor's prescription for sluggish bowels. It never varies from the original prescription which Dr. Caldwell wrote thousands of times in many years of practice, and proved safe and reliable for men, women and children. It is made from herbs and other pure ingredients, so it is pleasant-tasting, and can form no habit. You can buy this popular laxative from all druggists.

I kissed her on her ruby lips When we were on a trolley. And now, by heck, the doctor says I've got the painter's colic.

Use The Times Want Ad. columns.

SAYS TALKIES CUT 20 MILLIONS FROM MUSICIANS' WAGES

New York, June 6. — Representatives of 140,000 professional musicians of the United States and Canada, thousands of whom have been thrown out of work by the advent of sound pictures, will gather in Boston Monday to see what the future holds.

They will assemble at a convention of the American Federation of Musicians, whose president, Joseph N. Weber, of New York, indicated today that his message would not be a particularly cheerful one.

"All over the continent thousands and thousands of musicians are out of work, with no jobs in sight. The total income of the professional musicians of the United States has been cut nearly \$20,000,000 a year."

Mr. Weber believes that, if present conditions are not improved, there will in time be no orchestras left.

RANCHER EARL WINS INITIAL ROUND OF BATTLE FOR ESTATE

London, June 6.—Rancher Earl, otherwise Mr. Frederick Perceval, of Priddis, Alberta, has won the first round in his legal claim to be declared owner of estates of Avon Castle and elsewhere in England, estimated to be worth \$25,000,000.

After a month's inquiry in chambers in the London law courts the master in chancery has endorsed Mr. Perceval's right to ownership and will so report to the judge who may in his discretion make an order accordingly.

However, two other claimants, James William Perceval, a London baker, and Robert Pownall, retired optician of Haydock, Lancashire, who assert that they are descendants of the second Earl of Egmont, intend to appeal against the master's finding.

ONTARIO FIRES DAMAGE \$3,000,000

Port Arthur, Ont., June 7.—Toll of forest fires in northwestern Ontario may exceed \$3,000,000, informed observers estimated Friday night as the red hazard was appreciably lessened in nearly all areas.

Reports continued to tell of fires burning both east and northwest of the lakehead and forestry department squads are believed to have effectively cut down the menace with the aid of recent rains, especially in the country to the east. A few new blazes were reported in the Hurkett section that were not considered serious.

SEE OPTIMISTIC TURN OF WORLD'S WHEAT OUTLOOK

Winnipeg, June 7. — Grain traders here are optimistic that the Canadian Wheat Pool has escaped disaster in the roughest crop marketing year since this country became a factor in world grain trade.

Wheat is moving out, and on a market which is generally firm, to farmer, though adjustment of May accounts caused fractional reactions this week, ranging from one cent on the nearby to nil on the distant futures.

For the week ended Wednesday, 8.5 millions of bushels were exported from Canada, as against 5.9 last week and a 3.4 weekly average since the crop year opened on August 1, and a 1929 average of 6.8 millions weekly. World shipments since July 1 were 566 millions, against \$45.7 last year. However, the export movement is very definitely on the upgrade and all the indications are that, during the next two months, Europe will require very definite amounts of foreign grain.

North American, United Kingdom and Argentine stocks are now 12 million bushels lower than they were a year ago. France claims a heavy surplus, but the French growing crop has been running into hardship for nearly two months and the government will soon be compelled to abandon its policy of bonusing exports and penalizing imports.

Italy has also a greatly inferior crop and it will be late and subject to much damage. Spain and Denmark expect fair crops, but they are not big market factors. And other European countries, except Rumania, are in an equally uncertain position. The overwhelming surplus Europe had last year has practically disappeared, leaving the continent practically dependent on imported wheat. Liverpool stocks are 2.9 million bushels, against 4.1 last year. Arrivals are up to 600,000 bushels to four millions this week, but wheat on passage is up less than one million, in spite of 2.5 additional millions shipped.

The greatest single factor in the market is the condition of growing crops in Canada and the United States. United States winter wheat over large areas has not staged the comeback which was expected when the belated April rains descended. It is now realized that an estimate of 54 million bushels, an average of 5 to 10 bushels and will have to be revised sharply downwards, with cutting only a short distance away. In spring wheat areas they have not had the same rains which Western Canada has enjoyed. For the most part, they are as deficient in subsoil moisture as this country was in April.

In Western Canada the cold weather has not been an unmitigated evil. It has given the grain good strong

roots and the rainfall has very largely counterbalanced the apparently devastating effects of high winds over large areas, in Saskatchewan particularly.

PRODUCING GASOLINE FROM ALBERTA TAR SANDS

Gasoline in almost unlimited quantities can be commercially produced from oil sands in Northern Alberta. Announcement of this discovery was made last Friday by Dr. E. H. Boomer of the University of Alberta, addressing the National Research Council at Ottawa.

The credit for a new method which yields light oils suitable for the production of gasoline, goes to Dr. Boomer and Dr. A. K. Clark, also of the University. A semi-commercial plant is now in operation in the field and tests show that Western Canada at least will shortly be independent in the production of motor fuel.

Research in connection with tar sands has been conducted for several years under grants by the National Research Council, and energetic study has produced striking results, it was revealed.

By the application of hydrogen obtained from the enormous quantities of natural gas available in Alberta, Dr. Boomer has hydrogenated tar and produced a light oil that readily cracks to produce gasoline.

Dr. Clark and Dr. Boomer have been working for a considerable period on schemes to make tar sand and natural gas available for commercial consumption in transportable form. The first step in the process was to extract the tar from the sand, then by the introduction of natural gas into the combination a method has been found to produce a light oil from which gasoline can readily be manufactured.

PRESIDENT BEATTY AND UNEMPLOYMENT

President Beatty of the Canadian Pacific Railway has just announced the policy of his corporation on the problem of unemployment. It is a simple one. When traffic movement is slow, and business slackens, employees are believed to have effectively reduced. If there is less work to do fewer men, obviously, are required to do it. To retain employees at the expense of the corporation could not be considered. "No such policy could be adopted under the conditions existing in Canada today by any company, no matter how broad and humane its policies were." This is Mr. Beatty's position.

The Canadian National Railways, he said, had regarded the existing shortage of railway business as a temporary condition, and had considered it unwise and indeed opposed to the national interests to embark upon a wholesale policy of retrenchment which would throw many hundreds of wage-earners out of employment, with attendant economic disadvantages. This policy might be alright for a National Railway, but no private company could do it. Hence, in private concerns in dull times, the superfluous workers had to be discharged.

A week or so earlier, in Toronto, Mr. Beatty had made the following statement about unemployment: "It is probably true that in the first instance this is a problem for industry itself, and that such steps as may be taken to relieve the situation should be taken before other policies involving government intervention are considered. Governments are quite properly disinclined to interfere in such situations unless it becomes apparent that the problem is beyond the solution of those immediately concerned." President Beatty's two statements

What Will you do?

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved, or diarrhea checked. A vegetable product, a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may save you a sleepless, anxious night. It is always ready, always safe to use in emergency, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless. Castoria promptly soothes him with mothers than is today. Every druggist has it.

Fletcher's CASTORIA

do not balance. In the one just quoted he admits that industry "probably" has a responsibility in the problem. In the one quoted first his only solution is a wholesale staff reduction when business slackens off: a plain confession that so far as the Canadian Pacific is concerned "the problem is beyond solution" and has been passed onto the government, the public at large, or anyone else who cares about it, for treatment.

A bleaker and less imaginative, and indeed, less intelligent attitude to unemployment would be hard to find. If the Canadian National Railways take some measure of responsibility for the continuous employment of its staff, it is a fact all in its favor. Private corporations are deluding themselves if they imagine they can treat their employees like so many bits of machinery, throwing them out of employment whenever trade slackens, and picking them up whenever it improves. Unemployment has become an international condition, and ruthless business methods are pressing schemes of unemployment insurance to the front in every industrial country. If President Beatty thinks he can permanently elude his responsibilities by reducing his staff and letting the expense of maintaining the men he lays off fall where it likes, he has fallen into error. He is simply making an unemployment insurance scheme in Canada inevitable, in which his corporation will be assessed its legitimate share of the cost of insurance.—Manitoba Free Press.

MAY UTILIZE WASTE TURNER VALLEY GAS Possibilities that the two hundred and fifty million cubic feet of gas that is burned daily now in "Halt-Accre" of Turner Valley may within a few years become a resource of tremendous value to the province are opened up by the research work which Dr. E. H. Boomer of the University of Alberta is now carrying on, and on which he reported to the National Research Council last week in Ottawa.

Dr. Boomer returned to Edmonton this week after attending sessions of the research council.

Canada's population 9,796,800

Toronto, June 7.—A Toronto paper Friday publishes the following dispatch from its Ottawa correspondent:

The population of Canada is officially estimated at 9,796,800, an increase of more than 1,000,000 since the last census in 1921, when the immigrants went home again.

population was officially placed at 8,788,000. Since the last census there were 2,172,822 births up to December 31, 1929, and 938,866 deaths.

The natural increase, therefore, was 1,233,766. Immigrants totalled 1,130,650 since 1921, and the total population would have been 11,152,455 at the present time, but the dominion lost 1,355,655 persons during the nine-year period either to the United States, Great Britain or other countries. Many of the immigrants went home again.

Provincial General Election

Thursday, June 19, 1930

NOTICE TO VOTERS

The Voter Must Not:

- Use the X mark.
- Place more than one choice in the white space containing the name of any candidate.
- Make the same choice for more than one candidate.
- Make any mark on the ballot not authorized by these directions.

The Voter Shall:

Go into the booth and with the pencil provided place the figure one (1) within the white space containing the name of the candidate who is his first choice. He may place the figure two (2) within the white space containing the name of the candidate he would prefer if the candidate who is his first choice cannot be elected with it. He may then place the figure three (3) within the white space containing the name of the candidate he would prefer if neither his first nor his second choice can be elected with it, and so on, marking as many choices as there are candidates.

The voter may plump for one candidate alone, using the figure one (1), without spelling his ballot, but is urged to vote the full extent of his choices, as it is only by marking the full number of choices that the voter obtains the full benefit of the ballot.

JOHN D. HUNT
Clerk of Executive Council.

HOUSE FOR SALE—Five room bungalow, fully modern, in good condition. Two lots, garage, and shed. Cheap for cash. A. H. Parker, phone 305 Wetaskiwin. 10-1in

HOW TO VOTE

The preferential ballot will be used at the provincial election for all constituencies outside the cities. The electors should mark their ballots with a "1" for their first choice and a "2" for their second choice, and "3" for third choice. Every elector should avoid voting for only one choice as that is not the purpose of the preferential ballot. The choices should not be marked with an "X" as that will spoil the ballot.

NEW BARBER SHOP

I take pleasure in announcing that I have opened a barber shop in the stand just vacated by Mr. Gibson (opposite Sims-Brown Garage) and am now prepared to give the best service to the public in my line. ...

CITY OF WETASKIWIN

VOTER'S LIST 1930-1931

Notice is hereby given that a list of Electors for the City of Wetaskiwin and the Wetaskiwin School District is now being prepared. All those who are qualified and entitled to vote at Municipal Elections in the City of Wetaskiwin are requested for the purposes of registration to register their names at the City Office during the month of June during the hours of 9 a.m. and 5 p.m. of each day except Sunday. City of Wetaskiwin, May 26th, 1930. J. E. FRASER, Registrar of Electors.

CITY OF WETASKIWIN

1930 ASSESSMENTS

Notice is hereby given that the Assessment Roll of the City of Wetaskiwin for the year 1930 has now been completed with the exception of any change that may have to be made and that the Assessment for 1930 is the same as that of the previous year as authorized by the Minister of the Dept. of Municipal Affairs by order dated February 7th, 1930. The 1930 Assessment Roll will be open for inspection at the City Office any lawful day between the hours of 10 a.m. and 5 p.m. except Saturdays.

Take notice that if you wish to appeal twenty-one days notice is hereby given that appeals will be heard at the Court of Revision to be held in the Council Chamber on the evening of Tuesday, 8th July, at 5 p.m. Given under my hand this 11th June, 1930. J. E. FRASER, City Assessor.

ANNOUNCEMENT

Here's an opportunity for boys and girls to have a holiday at Pigeon Lake. During July and August a camp will be conducted in a comfortable building at Mac-O Beach. Campers will require to bring pillows and blankets. Everything else furnished. Rates \$7.00 per week. Strict supervision. For further information or reservations, apply

ALF. A. ELLIS, Wetaskiwin. 12-1in

TRY THIS ON YOUR LAWYER

They tell it of Max Steuer, famed barrister. Some two months ago he was accosted on the street by a business man who discussed with him some financial matter rather than strictly legal question. On the following day the business man received a bill from the barrister for \$5,000. Shortly thereafter the business man again happened to meet the barrister on the street.

"It's nice weather we're having," said the business man. "Remember, Mr. Steuer, I am telling it to you, not asking."

You would not be ashamed of your stationery if it had been printed at The Times office.

SPORT

PONOKA SPORTS ARE SUCCESSFUL

Ponoka, June 9.—Over \$400 was cleared at the community sports held under the auspices of the combined locals of the Ponoka U.F.A. for the purpose of raising funds for the room, on Thursday. Football, basketball, softball, baseball, horseshoe, throwing, bicycle racing, high jumping, and foot races were included in the very successful sports program.

A unique feature of the day's events was the pretty costume drill by pupils of Grades 1, 2 and 3 of Ponoka school during which Miss Mildred Anton was crowned Queen of the Day. Miss Anton received the highest number of votes at the rose float held in the morning at which time artificial roses were sold and a ticket selling contest was staged.

Musko was supplied by the Ponoka Boys' Band under the capable leadership of O. B. Kaipfel.

A very successful dance at the Elks' hall in the evening rounded out the well planned program.

BRIGHTVIEW FOOTBALL

TEAM TIES EDMONTON

The Brightview football team visited Edmonton on Saturday last, to play the return match with the Moose Juniors. As it was raining and it was impossible to control the ball, and many times it was blown off the field of play. The Moose team scored a lucky goal after fifteen minutes play. If Callum, the goalie, jumped for it, but the wind carried it beyond his reach. A few minutes later R. Wallis scored for Brightview with a low shot which gave the goal keeper no chance. Ten minutes before the time, it was mutually agreed to call the game off on account of the weather, leaving the score a tie. The Brightview team has been invited to play the same team at the Moose picnic to be held at Cooking Lake on July 1st, and the invitation will likely be accepted.

BASEBALL

WETASKIWIN GAME WITH HOBBEMA TIED

A baseball league was organized a few days ago, comprising teams from Lacombe, Ponoka, Hobbema and Wetaskiwin. A good season's sport is anticipated. Judging from the games played this season, the teams are evenly matched.

The first game on the Wetaskiwin diamond was played Thursday evening with Hobbema as the visitors. The home team had the game well in hand, scoring 1 in the first and 5 in the second innings, while the visitors were blanked the first three innings and then scored 1 and 3 respectively. In the seventh they added 4 more to the tally while the Wetaskiwin boys scored 2 in the fifth. The final score was 8 all, and darkness would not permit further play. Bruce Thirkitt pitched seven innings for the Athletics, and Zene Cleland finished the game, while Rattlesnake, Hodson and Rotvik were on the mound for the visitors.

Following is the box score:

	H	B	R	I	B	P	O	A	E
Hodson, p, 3b	5	1	2	4	5	0	0	0	0
H. Lundell, 2b	5	0	1	1	2	1	1	1	1
Rattlesnake, p, cf	5	1	2	2	1	0	0	0	0
E. Lundell, c	5	1	0	8	2	0	0	0	0
Cnild, ss	5	1	0	0	0	1	0	0	0
E. Kramer, rf	4	1	0	1	0	1	0	0	0
P. Kramer, 1b	4	1	1	0	0	0	0	0	0
Rotvik, if	4	1	1	0	0	0	0	0	0
Erickson, cf, 3b	4	2	0	3	1	0	0	0	0
Total	41	8	7	27	11	3	0	0	0

	A	B	R	I	B	P	O	A	E
B. Thirkitt, p, ss	5	1	2	3	0	0	0	0	0
Maxwell, if	4	0	0	0	0	0	0	0	0

B. Thirkitt, 1b	5	1	1	1	0	1	0	0	0
Wyberg, ss	2	2	0	0	3	1	0	0	0
Cleland, 3b	4	2	1	0	0	1	0	0	0
Farnham, rf	4	1	2	0	0	1	0	0	0
Total	38	8	9	27	12	3	0	0	0

Stolen bases—E. Lundell, Clild; B. Thirkitt 2; Aicher, Farnham, Cleland. Two base hits—Rattlesnake, B. Thirkitt.

Three base hits—Rotvik. Struck out—Hodson, 3; Rotvik, 5; Thirkitt, 4; Cleland, 4.

Bases on balls—Hodson, 6; Rotvik, 1. Umpire—Gillespie.

The second league game between Wetaskiwin and Hobbema was played on the Wetaskiwin diamond Tuesday evening, resulting in a win for Hobbema, the score being 4-2.

EXPLICIT STREET-CAR INSTRUCTIONS

This is what an Irish conductor called over the heads of the stragglers at the rush hour the other night:

"Will them in front please move up so that them behind c'n take the places of them in front, an' leave room for them that's nuyther in front nor behind!"

NEW ATTRACTIONS EDMONTON FAIR

The Edmonton Exhibition is annually becoming more attractive, as the Directors adopt various features of special interest.

In lieu of the pageant, this year the feature attraction will be Thavus's Revue—an artistic musical and dancing production which will go into the moving pictures at the close of the Western Canada Fair Circuit. Frodo's Hamlet's home act is one which the fair has been endeavoring to secure for some years, and is the most famous home act on the continent. Those who have lived in Alberta for many years will be interested in the dancing of the group of broad-breasted from St. Paul Des Metis, the star dancers at the recent C.P.R. festival.

A new midway will please those who like to mix a little fun with their recreation; and the Morris & Caste Shows will play the midway for the first time.

But of course the Edmonton Exhibition is first and last an agricultural exhibition, and a \$50,000 prize list should attract a splendid entry list. A number of special classes have been made for farm women, and for ladies over 70 years of age; the prize money for bread making and similar accomplishments is extremely attractive.

The entries close June 28th, and prize lists are free.

SUNSHINE FOR BABIES

The baby should spend a large part of his life out of doors in the fresh air and sunshine. The baby needs fresh air and sunshine in order to build up a strong and resistant body.

Not only are sunshine babies pleasant, but they bring to the baby something he needs. One definite good result from the sunshine is that the action of its rays upon the body of the baby prevents rickets.

Sun baths should be taken regularly each day, and, as the weather grows warmer, these should be taken out of doors rather than in front of the open window.

There is a right way to take sun baths, and this way must be followed or harm will result. On the first day, the hands and feet are exposed for five minutes. Next day, the time is ten minutes, and so five minutes a day are added until the bath lasts for an hour.

As the time is increased, so should the baby be extended the area of the body which is exposed to the sun. On the second day, expose the legs below the knees, then the whole leg; after that, the abdomen, and, lastly, the chest, front and back. On the day each area is first exposed, the time of exposure is five minutes, and this period is increased by five minutes each day for each part until the whole body is given an hour's sun bath daily.

The baby should not have his sun bath just before or after a meal. In the really hot weather, his sun bath should be before eleven or after three, so that he may not be exposed to the mid-day sun.

In addition to the good that comes directly in the sun's rays, there is no doubt that the exposure of the body to the air—the air bath—is of benefit to the baby. Taking the sun bath out of doors or in front of the open window gives the baby the benefits of both the sun and the air at the same time.

The ancients worshipped the sun as a god. We should appreciate and use the sun's rays for our health.

Questions concerning Health, addressed to the Canadian Medical Association, 134 College St., Toronto, will be answered personally by letter.

THE NAGGING WIFE

(By Walt Mason)

Now and then a married woman, anxious to be understood, and to show that she is human, tells her husband he's no good. She assures him he's a piker and a lemon and a fake; but it really isn't like her, a disturbance thus to make. Having thus relieved her feelings she proceeds to do her chores, dusting doors, the handsome ceilings, scrubbing all the kitchen doors. Women will give way to passion, now and then when nerves are taut, and release, in smoking fashion, sundry things they long have thought. And the husband, understanding, do not mind the hurricane; "All these roasts they are outstanding will relieve the weary brain. Wives have much to struggle under, there is much they must endure, and perhaps in raising thunder there's a solace and a cure." But the wife's roasts nagging takes the joy of life away, and her husband's soul is sagging, and his life is bleak and gray. If she would get mad in season and assault him with a chair, he would understand her reason, it would cause him no despair. But she keeps on nagging, nagging, in an acid voice and tart, with a advised cent to use Dean's Kidney Pills and after taking three boxes I was soon well again. Now I will never be without a box of Dean's in the house."

Back Was So Bad Could Hardly Straighten Up

Miss Marion Lutt, Enfield, N.S., writes:—"For three years I suffered from terrible backaches, and when I bent over could hardly straighten up again. A friend advised me to use Dean's Kidney Pills and after taking three boxes I was soon well again. Now I will never be without a box of Dean's in the house."

bit of reading, he can't play the gramophone, but the lecture is proceeding in the same old bitter tone. She is nagging when he sings, all the weary day she's saying all the same old grouchy things. And it sets his nerves a-quiver, and it makes his life a wreck, and he goes down to the river with a rock tied to his neck. Flashed out from the water's fury, the old corner holds a quest; says the sympathizing jury, "He is glad to be at rest."

RADIO vs. NEWSPAPER ADS.

For some time there has been a threat that Radio Advertising would eventually cut the Newspapers out of a large volume of advertising. It is interesting to know the results of a direct test of the two kinds of advertising as made known in a recent issue of Editor and Publisher which is copied here:

"An interesting comparison of the results of local radio and newspaper advertising was obtained recently in an experiment in Colorado Springs, Colo. One of the large men's stores, the Robbins Clothing Company, decided to advertise its annual clearance sale by radio, as a test. No newspaper copy was used to announce it, only store window cards and banners supplementing a daily half-hour broadcasting by a local station.

"For three days clerks were instructed to ask shoppers where they learned about the sale. Not one buyer had heard of the sale over the radio, the majority having seen the store windows only. The management then went to the local newspapers with small copy calling attention to the radio program which would give details of the sale. Still the response was without a single result.

Finally, the store abandoned the radio and resumed its advertising with large copy in the newspapers. Immediately the clerks noted a difference and the sale went on as usual.

"Advertising men watched the experiment with much interest and also heard the radio station's manager's report:

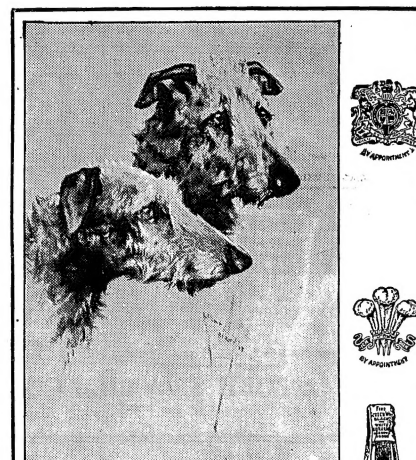

"Well, one of our advertisers has been on the air for six months without a direct return—with additional interest.

THE VOICE OF EXPERIENCE

Those who have had experience with a certain type of "Good Samaritan" will appreciate this colored preacher's version of the well-known parable: "Dere was a traveler on a lonely road, robbed an' left wounded helpless by de roadside. As he laid dere, various passens passed him, but none ob dem offered him any 'sistance. By an' by, howsom-

ever, a poor Samaritan come along, an' taking pity on de wounded man, helped him on his mule an' took him to a tavern, where he ordered food an' 'riment to 'de man, an' 'tells de tavern keeper to send de bill to him. Now, breddren and sistahs, dis am a true story," concluded the preacher, "fo' de tavern am standin' to dis day, an' in de doorway is standin' de skeleton ob de tavern keeper, waitin' fo' de good Samaritan to come back an' pay de bill."

Although all returns were not complete on Wednesday, a total of 17,147.

Standards of Excellence

The name "Black & White" on a bottle of whisky is as absolute a guarantee as the hall-mark on silver. It assures that subtle difference in flavour and quality which distinguishes this whisky from all others. It guarantees that only the finest materials have been used and that always everywhere the quality is the same.

FOURTH FORTNIGHTLY CROP REPORT

(Issued by Department of Agriculture, Government of Alberta, June 7th, 1930.)

Showers falling over a large part of the province early in the past week followed by higher temperatures and an absence of winds have created a more favorable crop outlook than existed ten days ago.

During the last week in May continued high winds caused soil drifting resulting in widespread injury to growing crops in the central part of the province and in limited areas seeding was necessary. It is impossible at present to accurately estimate the damage due to soil drifting. The degree in which severely blown fields will recover will depend upon the weather conditions of the next ten days. There is considerable injury to crops due to wireworms and cutworms and it may be stated that injury due to soil drifting and insect pests is slightly above the average. Reports lying south of Calgary and north of Edmonton continue to be most favorable. Moisture in these areas has been sufficient for present

No thrill like an Eight No Eight like a HUDSON

Easy to Buy— Inexpensive to Operate

Hudson sweeps aside the barrier of high price and operating costs on eight-cylinder cars. An amazing new development is giving thousands distinction and performance hitherto known to only a few.

From the moment you take the wheel of this most modern of Eights, you will be conscious of its superiority. Beautiful and powerful, it is excelled by no car in fast get-away and smoothness.

Loaf along in high gear. Then without touching the gear shift lever push your foot to the floor and dart ahead at express train speed.

Come, see it and ride in it. It will renew your first glorious zest in motoring. It will thrill you with the power of its eight cylinders. It will

delight you with operating economies never before achieved in a car of its performance. And you will say, as thousands are saying, "Here is a Car".

\$1265 for the COACH

Nine other models just as attractively priced. Wide range of colors. All prices f. o. b. Windsor, taxes extra.

A Car for You to Try Will be Sent to Your Door

Only by riding in or driving Hudson's Great 8 will you appreciate its delightful operation. You are invited to take a trial car and test it for smoothness, speed, acceleration, power, easy handling, comfort and economy. A telephone call will bring Hudson's Great 8 to your door.

Speed

You've never known before
in washing

Why should the family washing take up most of your day when it can be easily disposed of in a few hours! Wash day will be over at least two hours sooner with the Electric Washer—two hours every week that can be saved for pleasanter tasks or recreation.

Operating at high speed, the washing machine sends surges of sudsy water all through the garments—rinsing, cleaning! It works much faster, does a thorough job—yet it's very gentle in its action on clothing. Even the daintiest pieces can be washed with perfect safety in its shimmering whirlpool.

Nasty Pimples On Her Face Dreaded Going Out

Mrs. F. G. Barwick, McGee, Sask., writes: "After my last baby was born my blood became very bad and my face broke out in nasty pimples, and I dreaded going out anywhere. One day I saw Burdock Blood Bitters advertised, so went to the drug store and purchased a bottle, and in a short time the pimples had all disappeared, and my face is fine now. "I am the mother of four children and I am going to get a bottle for them as their blood is none too good, and I feel sure it will do them as much good as it did me. "I told a friend about B.B.B. and she is very much pleased with the results she received."

MILLET LOCAL NEWS

Mr. Harris is a visitor to the city for a few days.

Mrs. Pierre Marchal shipped a fine Tamworth boar to Vulcan Tuesday.

All the local gardeners are complaining of the damage done by cut worms.

Mr. and Mrs. C. S. Bear had their son Stanley, of Edmonton, on a visit over the weekend.

Mr. and Mrs. Harris of Edmonton, were the guests of Mr. and Mrs. F. Facey on Tuesday last.

Mr. W. L. Gray shipped five fine Duroc Jersey pigs, four to Byemore, Alta., and one to North Edson, B.C.

We see Bob Vanvalkenburg is busy breaking up his land on the trail, and Ludwig is making a good job of it.

Mr. and Mrs. J. C. Wagner and family spent Sunday at the home of Mr. and Mrs. S. Menden, of Sunnyside.

A dainty lunch was served by the hostess and a pleasant social hour spent over the tea-cups. The next meeting is at Mrs. F. Higginson's.

Mr. and Mrs. Alex Lepine of Thorby, spent Sunday around Millet, visiting at the homes of Mr. and Mrs. C. Moonen, A. Cartier and E. Kinkel.

We are pleased to say that Mr. T. Winters, who has been sick, is now back on the job grading down the hill on the road south of W. L. Gray's farm.

Parcels were sent to a needy family in town. The date for the home cooking and afternoon tea will be Saturday, June 21st, on the church lawn.

Mr. and Mrs. J. C. Wagner were out in the Sunnyside, Warburg and Reimer district on Monday in the interests of A. P. Mitchell, the Liberal candidate.

A fine new bridge has been built across the Pipestone Creek. It now runs straight across instead of a winding approach, which was always a menace to traffic.

On Saturday during the dust storm, a hay rack was picked up and carried 50 yards or so, on the Vanvalkenburg farm. Also lots of ladies are complaining of extra spring cleaning.

Mr. R. Littman, Mr. Louis Ayres and Willie visited Fishers Home Pigeon Lake, on a fishing trip on Monday last, and report they had good sport. Mr. Littman catching 20 fine jackfish and Mr. Ayres and Willie 15.

A short program was then presented as follows: Duet, Mrs. H. A. Lee and Mrs. V. C. Rowley (accompanying on the ukulele); recitation, Miss Dixon; song, Mrs. F. Easterbrook; recitation "The Ladies' Aid," Mrs. V. C. Rowley; reading, Mrs. J. Dowler.

There will be a lawn social, sale of home cooking and afternoon tea on the lawn of the United Church, Millet, on Saturday afternoon, June 21st, beginning at 2:30 p.m. To this the public is cordially invited. If the day proves unfavorable for it outside, it will be held inside the church.

The retiring minister's wife, Mrs. L. R. Macdonald, was then presented with a serviceable and beautiful car robe by the President (pro tem) Mrs. F. Facey, and Mrs. Higginson (secretary) in a few well chosen words of hearty appreciation of her many kind services in the past and ever pleasant companionship.

The song service by the United Church choir on Sunday evening last was fairly well attended. Hymns expressive of the faith, hope and trust and experience of the Christian Church were used, selections from other sources were also used. A duet by Mrs. P. Atkins and F. Easterbrook and another by Mrs. Atkins and Mrs. Gibling were a feature. The pastor brought a message from the United Church Conference at Edmonton to the congregation.

NOTICE

To whom it may concern. The undersigned wishes to make it known to the public that her husband's recent illness in the Provincial Hospital was prompted by statements made by herself, personally, and were taken up wrongly. Therefore has been deeply regretted since.

Mrs. J. G. BOLT.

FOR SALE—Several choice Duroc Jersey Boars. W. L. Gray, phone R. 113, Millet. 12-3tn

WANTED—Spring work and breaking by the acre, for new Caterpillar outfit. L. R. Kublock, Millet. 3-tn

FOR SALE—Seed oats, 60c per bushel. Phone R1912, T. T. Jevne, Millet.

"Skinny! I Gained 11 Lbs. in 8 Weeks and Boy Friend"

"After trying several tonics tried Ironized Yeast. In 8 weeks gained 11 lbs., new complexion, round limbs; best of all a boy friend." — S. M. Salmo.

Men and women are amazed at gain of 5 to 15 lbs. in 3 weeks. Ugly hollows vanish, bony limbs round out. Sallow, bluish skin gets clear and rosy like magic. Nervousness, indigestion, constipation disappear overnight. Sound sleep. New pep from very first day.

Two great tonics in one—special weight-building, Mail, Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated yeast. Results in ½ time. No yeast taste. No gas.

Don't go round "skinny," ugly, unattractive. Get Ironized Yeast from druggist today. Feel great tomorrow. Money back from manufacturer if not delighted with results.

HILLSIDE

Miss Barbara Marr and Walter Charley are the delegates from the Junior U.F.A. to the Farm Young People's Conference being held in Edmonton from the 6th to the 12th.

Mr. and Mrs. J. O. Harvey, Mr. and Mrs. L. E. Marr, Wallace and Eugene, and Mrs. T. H. Hoves were Field Day visitors at the University in Edmonton last Thursday.

Miss Foster of Millet, was a weekend visitor at the home of Mr. and Mrs. L. E. Marr.

The dance put on by the Juniors last Friday was well attended and a good time was had. The music was furnished by Mr. and Mrs. A. Jevne of Crooked Lake.

Mr. and Mrs. F. Dickinson are rejoicing over the arrival of a young daughter.

Miss Gladys Manders of Edmonton, was a visitor at "Devonia Farm" over the weekend.

Don't forget cleanup day at the school grounds on Friday next, the 13th. Lunch and ice cream will be provided.

Teacher: "What is the definition of 'flirtation'?"
Intelligent Pupil: "It is attention without intention."

"I call my girl 'Hinges' 'cause she's something to adore." Whoops, Baby.

Disease Germs Haven't a Chance

Absorbine, Jr., spells death to disease germs and infection. As a gargle and mouthwash, this safe, dependable antiseptic and germicide kills germs on sight in the mouth and throat. Applied to sores, wounds, cuts, bruises and sprains it not only relieves the pain and soreness, but also heals quickly and prevents inflammation.

Always keep Absorbine, Jr., in your medicine cabinet. It is Nature's "First Aid"—non-greasy and stainless. \$1.25 at your druggist. Booklet free. 19

MILLET LOCAL NEWS

Mr. R. Gibbling is busy painting the bank.

Ralph Van Vorres is slowly recovering from a severe attack of nerves.

Don't forget the Church of England social on Friday evening, at 8 p.m.

All Scouts are reminded to turn out in full force on Thursday evening, at 8 p.m.

Mr. J. Smith of Ferintosh, was a visitor at the home of Dr. and Mrs. Plant on Sunday.

Have you heard Pinyon's offer of a bag of Rolled Oats with every 100 lb. of Flour purchased.

Ralph Mackay of Winnipeg, son-in-law of Mr. and Mrs. F. Facey, was a visitor at their home on Sunday last.

Miss M. B. Dixon and Miss Camp visited Leduc 12 attend the meeting of the 1st Leduc Co. Girl Guides on Tuesday.

Mr. Cooke has sold his drug business to Mr. Allen of Leduc. Mr. Seslin of Edmonton, is the new manager in charge.

Mr. Hamilton is to be congratulated.

The Mark of Genuine Aspirin..

Bayer Aspirin is like an old friend, tried and true. There is no satisfactory substitute for either one. Genuine Bayer Aspirin is the accepted antidote for pain. Its relief may always be relied on for an occasional headache, to head-off a cold, or for more serious pain from neuralgia, neuritis and rheumatism. Bayer Aspirin bears the word "genuine" in red, and the name Bayer, on the box.

ASPIRIN

Aspirin is the trade mark of Bayer Manufacture of Monacodachemie of Salieryland

AL JOLSON in
"MAMMY"

The Al Jolson who first electrified the amusement world on the talking screen, now tops all previous performances in this rollicking tale of a minstrel troupe. Nothing but frolicsome fun and new Irving Berlin song hits—the King of Entertainers at his inimitable best. Lois Moran, Louise Dresser, Hobart Bosworth, Lowell Sherman and many other well known stars are in the cast.

TWO ALL TALKING AND MUSICAL COMEDIES

Monday and Wednesday Only, 8 p.m. June 16-18

RICHARD DIX in
"LOVIN' THE LADIES"

Here we have a whirlwind star whizzing through a whirlwind show. Dix is cast as an electrician who attempts to break into the smart set. Developments prove to be unusually amusing, giving Dix opportunity to demonstrate his ability at handling light comedy. This is our first talking Dix picture, do not miss it. Two days only—Monday and Wednesday.
